

JENNINGS BATH

The Jennings bath is a reproduction of a late 19th Century English embossed cast iron bath with a luxurious wooden roll. The bath was originally manufactured by George Jennings, one of the finest sanitary engineers of his time. The bath is cast in England from recycled brake discs and is available with a painted, polished & lacquered or patinated exterior finish. The taps may be mounted on the roll or on standpipes behind the bath; the roll is also available in a white enamel finish.

Length: 72"

Width: 32"

Height: 26 1/2"

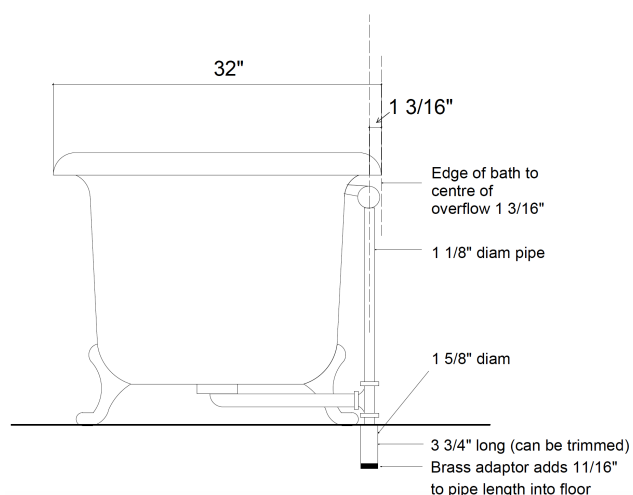

Dry Weight: 270kg / 595lb

Capacity: 93 US Gallons

(All dims shown in inches)

The outlet pipe can be used horizontally by turning the 'T' and can be supplied with an extra pipe and elbow if wishing to go into the floor further behind the bath if specified.

Waste: 1 1/2"; Overflow: 28mm into 42mm waste pipe - outlet is UK 1 1/2" BSP - USA 1 1/2" IPS.

We only supply fittings above the floor. We do not supply the trap; the trap needs to go beneath the floor.

Dimensions are given in inches; they are a guide only and may vary from bath to bath.
